BoldSign Made Tutor Onboarding Simple and Stress-Free

Introduction

With a passion for fostering meaningful learning experiences, Sonya S. decided to start her own tutoring program through Club Z! West Orange NJ Founded in 2025, Sonya's tutoring business offers one-to-one remote and in-home assistance for all subjects and grade levels. In doing so, Sonya strives to help every student achieve their academic goals.

Challenge

As a business owner, Sonya is responsible for onboarding new employees. To streamline the process, she used Kami—a platform designed to make educational resources more interactive—to insert text boxes into PDFs. She hoped this would enable new employees to sign and submit their paperwork anytime, anywhere. Unfortunately, that wasn't the case. "New hires were not able to figure out how to complete forms online and were simply not returning the forms," Sonya said.

Physical paperwork was more accessible for select employees, but it wasn't a one-size-fits-all solution. "Some new hires had difficulties printing out documents and sending pictures of the signed forms," Sonya said.

Sonya needed a better answer, so she began to ask around. She heard one name over and over again—BoldSign®. "BoldSign was recommended by other Club Z! West Orange NJ franchisees as being affordable and easy to use," she said. "I figured I could check with a colleague if I had any questions about its use."

Solution

After a hassle-free, 30-day trial with BoldSign, Sonya upgraded to the BoldSign Growth plan, which is designed to support growing businesses like hers. For just $5 a month, she unlocked a wide range of premium e-signature features, including template sharing, document status tracking,

and more. Sonya found the bulk link feature to be particularly useful, saying, “Once I figured out how to send multiple documents in one email, my new hires were easily able to complete and submit the forms in a timely manner.”

Overall, BoldSign proved to be the perfect solution for Sonya’s tutoring business. It gave her employees the freedom to complete their onboarding paperwork at their convenience, improving accessibility, turnaround time, and scalability. Sonya was able to streamline her hiring workflow without going over budget.
